

CALENDAR 2020

THE SYMBOL OF CHANGE In the midst of everyday humdrum and monotony lie tinier transformations that are often hidden in plain sight. Like butterflies, whose metamorphosis from pupa to a full-fledged adult is an awe-inspiring example. It is no wonder, then, that they are regarded as symbols of transformation, while some others believe they are winged messengers from loved ones who have passed away. Flip through the calendar for a message from the butterfly every month -- sometimes signalling a change or new beginnings, and other times, a reminder to live life to the fullest.

Good for a lifetime

If you are someone who looks for small signs
in the things around you,
then a butterfly landing on you
